ORDER EXTENDING RESERVED JURISDICTION

BY THE BOARD:

The Board adopted Decision 869 in 1957 approving subject applications and reserving jurisdiction for 15 years to determine permanent release of water terms to protect downstream vested rights. The continuing jurisdiction was extended by three subsequent Board orders to December 31, 1978.

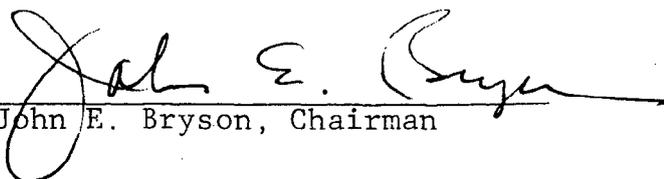

It appears that sufficient data is now available to impose a permanent release schedule and terminate the Board's continuing jurisdiction. The Board will hold a hearing on February 5, 1979 to take testimony and evidence on a final release schedule. Several months will be needed after the hearing for the Board to analyze the data and evidence presented and to issue an order establishing the final terms.

NOW, THEREFORE, IT IS ORDERED:

Condition 13 of Decision 869 and the corresponding conditions contained in Permits 10657, 10658, and 10659 are

amended to continue the jurisdiction reserved therein until
June 30, 1979, or for such additional time as the Board deems
proper.

Dated: December 21, 1978

John E. Bryson, Chairman

W. Don Maughan, Vice Chairman

William J. Miller, Member

L. L. Mitchell, Member
